Dear Mr. Smith,

This year HHI Corporation was nominated to receive a Workers Compensation Fund 2011 Safety Award. Out of 20,000 WCF policyholders, your company was one of only 54 companies selected for showing an exemplary safety culture. WCF commends you for your success in creating and maintaining a safe work environment. The awards committee was impressed by your remarkable efforts to keep your employees safe on the job. And, so am I.

Thank you for maintaining a safe workplace for your employees and for your continuing effort in developing an excellent safety program. I hope to see your company nominated in the future.

Best regards,
